Dear Joshua,

It gives me great pleasure to offer you my congratulations on Perfection Spring & Stamping Corporation's 60th year in business. Your family's business is a pillar in our community and has served as a creator of jobs for hundreds of hard-working Americans since its founding in 1955.

Perfection's ability to stand the test of time during these past 60 years is truly a testament to the quality your company ensures, the excellence it achieves, and the strength that your family has shown over the last three generations.

Again, I congratulate you on this great success, and I thank you for Perfection's continued role in the vitality of business in our great state of Illinois.

Sincerely,

Mark Kirk
